

# Soft Skills Advantage

Unleash your potential and empower the best version of yourself!

Delivered by **KPRDSB LBS certified facilitators, Soft Skills Advantage** teaches the skills that employers are looking for in today's workforce. Make a strong impact with **Soft Skills Advantage** training on your resume!

This free two day employability skills training program is for anyone who wishes to upgrade these skills. People with soft skills "are the most valued by employers."

*"Amazing program! I learned so much about working and communicating with others in the workplace and at school."*

**Training supports are available for those  
who are eligible.**

**SSA certificates are issued after  
completion.**

Our soft skills program is not like traditional programs where we talk and you listen. **Soft Skills Advantage** is a richly participative discussion where all of us share our experiences and learn from each other.

Tasks are strategically designed to help you sharpen and improve your soft skills. Each module in our soft skills training program combines teaching with fun activities, group work and expert guest speakers.

*"A very informative program for gaining great self awareness allowing for greater employment opportunities and deeper more meaningful relationships."*
